LAWS OF NEW YORK, 2020

CHAPTER 53

AN ACT making appropriations for the support of government

AID TO LOCALITIES BUDGET

Became a law April 15, 2020, with the approval of the Governor. Passed on message of necessity pursuant to Article III, section 14 of the Constitution by a majority vote, three-fifths being present.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. a) The several amounts specified in this chapter for aid to localities, or so much thereof as shall be sufficient to accomplish the purposes designated by the appropriations, are hereby appropriated and authorized to be paid as hereinafter provided, to the respective public officers and for the several purposes specified.

b) Where applicable, appropriations made by this chapter for expenditures from federal grants for aid to localities may be allocated for spending from federal grants for any grant period beginning, during, or prior to, the state fiscal year beginning on April 1, 2020 except as otherwise noted.

c) The several amounts named herein, or so much thereof as shall be sufficient to accomplish the purpose designated, being the undisbursed and/or unexpended balances of the prior year's appropriations, are hereby reappropriated from the same funds and made available for the same purposes as the prior year's appropriations, unless herein amended, for the fiscal year beginning April 1, 2020. Certain reappropriations in this chapter are shown using abbreviated text, with three leader dots (an ellipsis) followed by three spaces (...) used to indicate where existing law that is being continued is not shown. However, unless a change is clearly indicated by the use of brackets [—] for deletions and underscores for additions, the purposes, amounts, funding source and all other aspects pertinent to each item of appropriation shall be as last appropriated.

For the purpose of complying with the state finance law, the year, chapter and section of the last act reappropriating a former original appropriation or any part thereof is, unless otherwise indicated, chapter 53, section 1, of the laws of 2019.

d) No moneys appropriated by this chapter shall be available for payment until a certificate of approval has been issued by the director of the budget, who shall file such certificate with the department of audit and control, the chairperson of the senate finance committee and the chairperson of the assembly ways and means committee.

e) Notwithstanding any provision of law to the contrary, if, on a cash basis of accounting, a General Fund imbalance has occurred during any Measurement Period, the budget director is hereby authorized to adjust or reduce any general fund and/or state special revenue fund appropriation contained herein and related cash disbursement by any amount needed to maintain a balanced budget for the 2020-2021 fiscal year. Provided however that such adjustments or reductions shall be done uniformly across-the-board to the extent practicable or by specific appropriations as needed. Notwithstanding any provision set forth in this appropriation bill or any other law to the contrary, to the extent any individual or entity is entitled to any cash disbursement which is reduced in accordance with this provision, such entitlement shall be adjusted or reduced commensurate with adjustments or reductions made by the budget director in accordance with this provision. The following types of appropriations shall be exempt from such reduction pursuant to this provision: (a) public assistance payments for families and individuals and payments for eligible aged, blind and disabled persons related to supplemental social security; (b) any reductions that would violate federal law; (c) payments of debt service and related expenses for which the state is constitutionally obligated to pay debt service or is contractually obligated to pay debt service, subject to an appropriation, including where the state has a contingent contractual obligation; and (d) payments the state is obligated to make pursuant to court orders or judgments. For purposes of this provision, the budget shall be deemed unbalanced for the fiscal year if, during any Measurement Period, Actual State Operating Funds Tax Receipts are less than ninety-nine percent of Estimated State Operating Funds Tax Receipts, or Actual State Operating Funds Disbursements are more than one-hundred and one (101) percent of Estimated State Operating Funds Disbursements, or both. Prior to any such adjustments or reductions, the director shall notify in writing the Chairs of the Senate Finance Committee and Assembly Ways and Means Committee. The legislature shall then have ten days following the receipt of such written notification to either prepare its own plan, which may be adopted by concurrent resolution passed by both houses and implemented by the division of the

budget, or if after ten days the legislature fails to adopt its own plan, the reductions to the general fund and state special revenue fund aid to localities appropriations and related disbursements identified in the division of the budget plan will go into effect automatically. Any reductions to general fund and state special revenue fund aid to localities appropriations and related cash disbursements made pursuant to this provision may be paid in full or in part if one or both of the following events occur: Actual State Operating Funds Tax Receipts through February 28, 2021, are not less than ninety-eight percent of Estimated State Operating Funds Tax Receipts through February 28, 2021; or the federal government provides aid that the director of the budget deems sufficient to reduce or eliminate the imbalance in the General Fund for fiscal year 2020-2021 and does not adversely impact the budget gap in fiscal year 2021-2022. No such payments shall be made in part or in full unless and until the director of the budget certifies that: the general fund has resources sufficient to make all planned payments anticipated in the 2020-21 financial plan including tax refunds, without the issuance of deficit bonds or notes or extraordinary cash management actions; the balances in the tax stabilization reserve and rainy day reserve (together, the "rainy day reserves") have been restored to a level equal to the level as of the start of the fiscal year; and other designated balances have been maintained, as provided by law. For purposes of this provision: "Actual State Operating Funds Tax Receipts" shall mean the State Operating Fund tax receipts, reported by the State Comptroller in the monthly Report to the Legislature on the State Fund Cash Basis of Accounting, prepared in accordance with subdivision 9-a (a) of section 8 of the state finance law, immediately following the measurement period; "Actual State Operating Funds Disbursements" shall mean the State Operating Funds disbursements, reported by the State Comptroller in the monthly Report to the Legislature on the State Fund Cash Basis of Accounting, prepared in accordance with subdivision 9-a (a) of section 8 of the state finance law, immediately following the measurement period. Such disbursements shall be adjusted to include any amounts withheld pursuant to provision F or any other payment reduction authority authorized in this bill making aid-to-localities appropriations; "Estimated State Operating Funds Tax Receipts" shall mean the State Operating Funds tax receipts estimated to be received during the measurement period by the division of the budget in the Financial Plan; "Estimated State Operating Funds Disbursements" shall mean the State Operating Funds disbursements, estimated to be made during the measurement period by the division of the budget in the Financial Plan. "Financial Plan" shall mean a financial plan prepared by the division of the budget pursuant to sections 22 and 23 of the state finance law and used for the Measurement Period; and "Measurement Period" shall mean the period in which the difference between Actual State Operating Funds tax receipts and "Estimated State Operating Funds tax receipts" shall be measured for purposes of this section. The first measurement period shall begin on April 1, 2020 and end on April 30, 2020. Financial Plan estimates for this period shall be the Executive Financial Plan as Updated for Governor's Amendments and Forecast Revisions issued in February 2020. The second measurement period shall begin on May 1 and end on June 30, 2020. The third measurement period shall begin on July 1, 2020 and end on December 31, 2020. The Financial Plan for the second and third measurement periods shall be the Enacted Budget Financial Plan for FY 2021 issued pursuant to section 23 of the state finance law.

f) Notwithstanding any provision contained herein or any other law to the contrary, if, during the 2020-21 fiscal year, the budget is deemed unbalanced, the budget director is hereby authorized to withhold all or some of the amounts appropriated herein, including amounts that are to be paid on specific dates prescribed in law or regulation if, in his or her sole discretion, such action is necessary to respond to the direct and indirect economic, financial, and social effects of the COVID-19 pandemic. Prior to withholding any amounts, the director shall consider whether other means are available for accomplishing the purposes of this provision, and the impact of such withholding on the affected aid recipient. To the extent the State is obligated to make payment to any individual or entity pursuant to any appropriation contained herein, such obligation shall be reduced commensurate with such payments withheld by the director of the budget. No later than five days prior to the beginning of each month, the director of the budget shall provide notification of payments that are expected to be withheld in such month pursuant to this provision to the president pro tempore of the senate and the speaker of the assembly. No later than seven days after month end, the director of the budget shall provide notification of payments that have been withheld pursuant to this provision to the president pro tempore of the senate and the speaker of the assembly. For purposes of this provision, the budget shall be deemed unbalanced if Actual State Operating Funds Tax Receipts are less than ninety-nine percent of Estimated State Operating Funds Tax Receipts, or Actual State Operating Funds Disbursements are more than one-hundred and one (101) percent of Estimated State Operating Funds Disbursements, or both. Additionally, for purposes of this provision: "Actual State Operating Funds Tax Receipts" shall mean the State Operating Fund tax receipts, reported by the State Comptroller in any monthly Report to the Legislature on the State Fund Cash Basis of Accounting, prepared in accordance with subdivision 9-a (a) of section 8 of the state finance law; "Actual State Operating Funds Disbursements" shall mean the State Operating Funds disbursements, reported by the State Comptroller in any monthly Report to the Legislature on the State Fund Cash Basis of Accounting, prepared in accordance with subdivision 9-a (a) of section 8 of the state finance law; "Estimated State Operating Funds Tax Receipts" shall mean the State Operating Funds tax receipts estimated to be received during any period within the 2020-21 Fiscal Year by the division of the budget in the Financial Plan; "Estimated State Operating Funds Disbursements" shall mean the State Operating Funds disbursements, estimated to be made during any period within the 2020-21 Fiscal Year by the division of the budget in the Financial Plan; and "Financial Plan" shall be the Executive Financial Plan as Updated for Governor's Amendments and Forecast Revisions issued in February 2020 for the period April 1, 2020 through April 30, 2020 and the enacted budget financial plan for the 2020-21 fiscal year issued pursuant to sections 22 and 23 of the state finance law for the period May 1, 2020 through March 31, 2021.

g) Notwithstanding any provision of law to the contrary, prior to the expenditure of any funds received by the Federal government in response to the COVID-19 public health emergency pursuant to the authority granted in any appropriation set forth herein, the director of the budget may require that the agency or public authority making such expenditures submit an allocation plan to the director of the budget for approval. Approved allocation plans shall be provided to the president pro tempore of the senate and the speaker of the assembly within 30 days of approval. Such allocation plan must comport with any minimum Federal requirements for the expenditure of such funds.

h) Notwithstanding any provision of law to the contrary, for purposes of any appropriation made by this chapter which authorizes spending in an amount net of refunds, rebates, reimbursements, credits, repayments, and/or disallowances, "refunds" shall mean funds received to the state resulting from the overpayment of monies, "rebates" shall mean funds received to the state resulting from a return of a full or partial amount previously paid, as for goods or services, serving as a reduction, discount or rebate to the original payment amount, "reimbursements" shall mean funds received to the state as repayment in an equivalent amount for goods or services, including but not limited to personal service costs, incurred by the state in the first instance being provided to a third party for their benefit and partially or in full financed by such third party, "credit" shall mean monies made available to the state that reduce the amount owed to a third party, including but not limited to billing errors, rebates, and prior overpayments, "repayment" shall mean the return of monies as pay back for expenses incurred, and "disallowance" shall mean monies made available to the state that were not allowed or accepted

officially by the intended recipient, based on a determination the payment is not acceptable and/or valid. When the office of the state comptroller receives any such refunds, rebates, reimbursements, credits, repayments, and/or disallowances, he or she shall credit the refunded, rebated, reimbursed, credited, repaid, and disallowed amount back to the original appropriation and reduce expenditures in the year which such credit is received regardless of the timing of the initial expenditure.

i) Notwithstanding any other provision of law to the contrary, if the state or any agency thereof incurs any costs associated with administering the rent regulation program in accordance with subdivision (c) of section 8 of chapter 576 of the laws of 1974, as amended, for a city having a population of one million or more, the director of the budget may direct any other state agency or agencies making payments to such city, or any department, agency, or instrumentality thereof, to permanently reduce the amount of any other payment or payments owed to such city or any department, agency, or instrumentality thereof pursuant to any appropriation set forth in this chapter. Provided however, that such reduction shall be in an amount equal to the costs incurred by the state or agency thereof in accordance with subdivision (c) of section 8 of chapter 576 of the laws of 1974 and provided further that such direction shall be made in writing by the director of the budget. If the director of the budget makes such direction pursuant to the authority set forth herein, the impacted city shall not make the payments required by subdivision (c) of section 8 of chapter 576 of the laws of 1974, as amended, and the division of housing and community renewal shall notify such city in writing of what payment or payments will be reduced and the amount of such reduction. To the extent a city of one million or more or any department, agency, or instrumentality thereof is entitled to any cash disbursement authorized by any appropriation contained in this chapter, such entitlement shall be reduced commensurate with reductions in payments made in accordance with this part.

j) Notwithstanding any provision of law to the contrary, upon enactment of this chapter of the laws of 2020 containing the aid to localities budget bill for the state fiscal year 2020-2021, all appropriations and reappropriations contained in chapter 53 of the laws of 2019, which would otherwise lapse by operation of law on March 31, 2021 are hereby repealed.

k) The appropriations contained in this chapter shall be available for the fiscal year beginning on April 1, 2020 except as otherwise noted.

The East Ramapo central school district shall be eligible to receive reimbursement from the funds appropriated herein for its approved expenditures in the 2020-2021 school year on services to improve and enhance the educational opportunities of students attending the public schools in such district. Such services shall include, but not be limited to, reducing class sizes, expanding academic and enrichment opportunities, establishing and expanding kindergarten programs, expanding extracurricular opportunities and providing student support services, provided, however, transportation services and expenses shall not be eligible for reimbursement from such funds.

In order to receive such funds, the school district in consultation with the monitor or monitors pursuant to chapter 89 of the laws of 2016 shall revise its long term strategic academic and fiscal improvement plan by October 1, 2020. Such revised plan shall be submitted to the commissioner for approval and shall include a set of goals with appropriate benchmarks and measurable objectives and identify strategies to address areas where improvements are needed in the district, including but not limited to its financial stability, academic opportunities and outcomes, education of students with disabilities, and education of English language learners, and shall ensure compliance with all applicable state and federal laws and regulations. Such revised improvement plan shall also include a comprehensive expenditure plan that will describe how the funds made available to the district from

this appropriation will be spent. Such comprehensive expenditure plan shall ensure that funds supplement, not supplant, expenditures from local, state and federal funds for services provided to public school students, except that such funds may be used to continue services funded pursuant to chapter 89 of the laws of 2016 in prior years. Such expenditure plan shall be revised in consultation with the monitor or monitors appointed by the commissioner. The district in consultation with the monitors may resubmit such plan or plans with any needed modifications thereto.

The commissioner of education shall have 30 days from the receipt of such evidence to confirm whether the school district has complied with the requirements of chapter 89 of the laws of 2016 and shall determine whether such funds were spent in conformance with the provisions of such chapter. Upon finding compliance and determining that the funds were properly expended, the commissioner shall certify the amount of the approved expenditures to the state comptroller for payment no later than 60 days after such determinations. The East Ramapo central school district shall not receive reimbursement for funds authorized herein that are not spent for the direct benefit of students attending public schools in such district in a manner consistent with its approved comprehensive expenditure plan or prior written approval from the commissioner.

The board of education in consultation with the monitor or monitors shall submit the school district's proposed budget for the next succeeding school year to the commissioner no later than 45 days before the date scheduled for the school district's budget vote. The commissioner shall review the budget to ensure that it, to the greatest extent possible, expands educational programming for students including but not limited to extracurricular activities, course offerings, non-mandated support services, non-mandated art and music classes, programs and services for English language learners and students with disabilities, and maintaining class size. The commissioner shall also review the proposed budget to ensure that it is balanced within the context of revenue and expenditure estimates and mandated programs. The commissioner shall present his or her findings to the board of education no later than 30 days prior to the date scheduled for the school district's budget vote. The board of education shall make adjustments to the proposed budget consistent with any recommendations made by the commissioner. The school district shall make available on the district's website: the initial proposed budget, the commissioner's findings, and the final proposed budget prior to the date of the school district's budget vote.

Provided further that notwithstanding any provision of law to the contrary, for the 2020-21 school year, the apportionments computed pursuant to subdivisions 5-a, 12 and 16 of section 3602 of the education law shall equal the amounts set forth, respectively, for such school district as "SUPPLEMENTAL PUB EXCESS COST", "ACADEMIC ENHANCEMENT" and "HIGH TAX AID" under the heading "2018-19 ESTIMATED AIDS" in the school aid computer listing produced by the commissioner of education in support of the enacted budget for the 2018-19 school year and entitled "SA181-9".

Provided further that for the apportionments appropriated herein, the commissioner of education shall reduce payments due to each district for the 2020-21 school year by an amount equal to the Pandemic adjustment computed for such district, and provided further that an amount equal to the amount of such deduction shall be deemed to have been paid to the district pursuant to this section for the school year in which such deduction is made. The commissioner of education shall compute such pandemic adjustment in each electronic data file produced pursuant to subdivision 21 of section 305 of the education law, based on the following information (i) 99.5% of the funds available from the elementary and secondary emergency relief fund that are available to school districts pursuant to the Coronavirus Aid, Relief, and Economic Security Act of 2020, and (ii) the governor's emergency relief fund pursuant to such act, provided that a schedule of such amounts shall be approved by the director of the budget, and shall provide a schedule of such pandemic adjustment to the state comptroller, the director of the budget, the chair of the senate finance committee and the chair of the assembly ways and means committee.

Notwithstanding any inconsistent provision of law, for all school districts, the apportionment of general support for public schools for the 2020-21 school year in excess of the amount apportioned to such school district in the 2019-20 school year shall be withheld until (i) such school district has submitted to the commissioner of education and the director of the budget a detailed statement of the total funding allocation for each school in the district for the 2020-21 school year, in a statewide uniform form developed by the director of the budget, in consultation with the commissioner of education, and (ii) the commissioner of education and the director of the budget issue a determination of compliance in writing of such school district's statement of total funding allocation as required by subdivision 1 of section 3614 of the education law, provided that such school districts

shall submit such statement to the commissioner of education and the director of the budget on or before September 4, 2020.

Provided further that such school districts shall adhere to and complete the prescribed form accurately and fully, and shall make such statement publicly available and on the district website.

Provided further that the director of the budget shall request in such form only information that is known to, or may be ascertained or estimated by, the district.

Provided further that each such local educational agency shall include in such statement the approach used to allocate funds to each school and that such statement shall include but not be limited to separate entries for each individual school, demographic data for the school, per pupil funding level, source of funds, and uniform decision rules regarding allocation of centralized spending to individual schools from all funding sources.

Provided further that within 45 days of submission of such statement by a school district, the commissioner of education and director of the budget shall review such statement and determine whether the statement is complete and is in the format required. If such statement is determined to be complete and in the format required, a written acknowledgement of such shall be sent to the school district. If no determination is made by the commissioner of education and the director of the budget within 45 days of submission of the statement, such statement shall be deemed approved.

Should the commissioner of education or the director of the budget request additional information from the school district to determine completeness, the district shall submit such requested information to the commissioner of education and the director of the budget within 30 days of such request and the commissioner of education and director of the budget's deadline for review and determination shall be extended by 45 days from the date of submission of the additional requested information. If the commissioner of education or director of the budget determine a school district's spending statement to be noncompliant, such school district shall be allowed to submit a revised spending statement at any time.

Provided further that if a school district fails to submit a statement that is complete and in the format required on or before September 4, 2020 or if the commissioner of education or director of the budget determine the school district's spending statement to be noncompliant, a written explanation shall be provided and the school district will have 30 days to cure.

Provided further that where the comptroller or chief financial officer exercises the authority to submit such form, such submission shall occur within 60 days following notification of the school district's failure to cure.

Provided further that nothing in the preceding paragraph shall preclude a school district from submitting a spending statement for approval by the director of the budget and the commissioner of education at any time.

Provided further that any apportionment withheld pursuant to this appropriation shall not have any effect on the base year calculation for use in the subsequent school year.

Notwithstanding any inconsistent provision of law, for the 2020-21 school year, any school district with an underfunded high-need school shall prioritize all such underfunded high-need schools among its individual schools, and shall submit to the commissioner on or before September 1, 2020 a report specifying how such district effectuated appropriate funding for the underfunded high-need schools.

Provided further, on or before May 1, 2020, the director of the budget shall produce a list of underfunded high need schools, as defined herein. Provided, however, that the director of the budget shall exclude from this list schools within district 75 of the city school district of New York, schools that are of the same school type within a district but do not serve any grade levels that overlap, schools serving only students in prekindergarten, or any other schools with irregular or outlying properties.

Provided further, for purposes of this appropriation:

(1) "school type" for any school shall mean elementary, middle, high, pre-k only, or K-12, as defined by the commissioner of education, provided that for purposes of this appropriation, a "middle" school shall include any school with the grade organization of either a middle school or a junior high school, and a "high" school shall include any school with the grade organization of either a senior high school or a junior-senior high school;

(2) "underfunded high-need school" shall mean a school within a school district that has been deemed both a significantly high need school and a significantly low funded school;

(3) "student need index" for any school shall mean the quotient arrived at when dividing the weighted student enrollment as defined herein by the K-12 enrollment for the 2019-20 school year as reported on the statement required for such school year pursuant to section 3614 of the education law;

(4) "average student need index by school type" shall mean the quotient arrived at when dividing the sum of weighted student enrollment as defined herein for all schools within a school district of the same school type by the K-12 enrollment for the 2019-20 school year for all schools in a school district of the same school type as reported on the statement required for such school year pursuant to section 3614 of the education law;

(5) "weighted student enrollment" for any school shall mean the sum of (i) K-12 enrollment plus (ii) the product of the number of students eligible to receive free and reduced price lunch multiplied by 0.65 plus (iii) the product of the number of English language learners multiplied by 0.5, plus (iv) the product of the number of students with disabilities multiplied by 1.41, for the 2019-20 school year as reported on the statement required for such school year pursuant to section 3614 of the education law;

(6) "significantly high need school" shall mean a school with a student need index greater than the product of the average student need index by school type within the school district multiplied by 1.05;

(7) "per pupil expenditures" for any school shall mean the quotient arrived at when dividing the expenditure amount as reported for the 2019-20 school year in the statement required for such school year pursuant to section 3614 of the education law, excluding expenditures for prekindergarten and preschool special education programs and central district costs by the weighted student enrollment of the school;

(8) "average per pupil expenditures by school type" shall mean the quotient arrived at when dividing (i) the sum of the expenditure amounts reported for the 2019-20 school year in the statement required for such school year pursuant to section 3614 of the education law, excluding expenditures for prekindergarten and preschool special education programs and central district costs, for all schools within a school district of the same school type by (ii) the weighted student enrollment for the 2019-20 school year for all schools in a school district of the same school type as reported on the statement required for such school year pursuant to section 3614 of the education law;

(9) "significantly low funded school" shall mean a school within a school district that has per pupil expenditures less than the product of the average per pupil expenditures by school type within the school district multiplied by 0.95.

Notwithstanding any inconsistent provision of law to the contrary, for the purposes of this appropriation and of calculating the allocable growth amount for the 2020-21 school year pursuant to paragraph gg of subdivision 1 of section 3602 of the education law, the allowable growth amount shall equal the product of the positive difference of the personal income growth index minus one, multiplied by the statewide total of the sum of (1) the apportionments due and owing during the base year to school districts and boards of cooperative educational services from the general support for public schools as computed based on an electronic data file used to produce the school aid computer listing produced by the commissioner of education in support of the enacted budget for the base year plus (2) the competitive awards amount for the base year. Provided that the personal income growth index shall equal the average of the quotients for each year in the period commencing with the state fiscal year nine years prior to the state fiscal year in which the base year began and finishing with the state fiscal year prior to the state fiscal year in which the base year began of the total personal income of the state for each such year divided by the total personal income of the state for the immediately preceding state fiscal year, but not less than one.

Provided further that notwithstanding any provision of law to the contrary, the competitive awards amount for purposes of calculating the allocable growth amount shall be \$11,000,000 for the 2020-21 school year.

Provided further that to the extent required by federal law, each board of cooperative educational services receiving a payment pursuant to section 360-d of the education law in the 2020-21 school year shall be required to set aside from such payment an amount not less than the amount of state aid received pursuant to subdivision 5 of section 1950 of the education law in the base year that was attributable to cooperative services agreements (CO-SERs) for career education, as determined by the commissioner of education, and shall be required to use such amount to support career education programs in the current year.

Provided further that, notwithstanding any inconsistent provision of law, subject to the approval of the director of the budget, funds appropriated herein may be interchanged with any other item of appropriation for general support for public schools within the general fund local assistance account office of prekindergarten through grade twelve education program. Notwithstanding any provision of law to the contrary, funds appropriated herein shall be available for payment of liabilities heretofore accrued or hereafter to accrue.

Notwithstanding any other law, rule or regulation to the contrary, funds appropriated herein shall be available for payment of financial assistance net of any disallowances, refunds, reimbursement and credits, and may be suballocated to other departments and agencies to accomplish the intent of this appropriation subject to the approval of the director of the budget. Notwithstanding any inconsistent provision of law, the amount appropriated herein, shall be available under a foster care block grant for state reimbursement of eligible social services district expenditures for the provision and administration of foster care services including care, maintenance, supervision, and tuition; for supervision of foster children placed in federally funded job corps programs; for care, maintenance, supervision, and tuition for adjudicated juvenile delinquents placed in residential programs operated by authorized agencies and in out-of-state residential programs; and for the provision and administration of the kinship guardian assistance program including kinship guardianship assistance payments and payments for non-recurring guardianship expenses; except that, reimbursement from the amount appropriated herein shall not be available for tuition expenditures for foster children, including persons in need of supervision and adjudicated juvenile delinquents, made by a social services district located within a city having a population of one million or more.

Notwithstanding any other provision of law, a portion of the funds are available to reimburse social services districts for the change in the maximum state aid rates established by the office of children and family services for the 2020-21 rate year pursuant to section 398-a of the social services law and sections 4003 and 4405 of the education law to reflect the continuation of the cost of living adjustments that became effective April 1, 2008 for payments made to foster parents and for salary and fringe benefit costs and other critical nonpersonal services costs for foster care programs as determined by the office. Social services districts must adjust the amount of payments made for care provided by congregate care and foster boarding home programs and to foster parents to reflect the cost of living adjustments in the manner specified by the office. Each authorized agency operating a congregate care or foster boarding home program in New York state for which the office sets a maximum state aid rate pursuant to section 398-a of the social services law or section 4003 or 4405 of the education law shall submit, at the time and in a manner to be determined by the office, a written certification, attesting that the funds received for the continuation of the cost of living adjustment to the maximum state aid rate that became effective April 1, 2008 for that program will be or were used solely in accordance with the requirements of the cost of living adjustment established by the office.

Notwithstanding any inconsistent provision of law, for the period commencing on April 1, 2020 and ending March 31, 2021 the commissioner shall not apply any cost of living adjustment for the purpose of establishing rates of payments, contracts or any other form of reimbursement.

Within the amounts appropriated herein, state reimbursement to each social services district for services identified herein that are otherwise reimbursable by the state from April 1, 2020 through March 31, 2021 shall be limited to a district allocation, hereinafter referred to as the district's block grant allocation. Notwithstanding any other provision of law, such block grant allocation shall be based, in part, on each district's claims for such costs, adjusted by the applicable cost allocation methodology and net of any retroactive payments for the 12 month period ending June 30, 2019 that are submitted on or before January 2, 2020 and, in part, on such other factors as determined by the office of children and family services and approved by the director of the budget. Any portion of a social services district's allocation from funds appropriated herein not claimed by such district during the state fiscal year may be used by such district for expenditures on preventive services provided pursuant to section 409-a of the social services law, independent living services and aftercare services provided pursuant to regulations of the department of family assistance, claimed by such district during the next state fiscal year up to the amount remaining from the district's foster care block grant allocation, provided however, that any claims for such services during the next state fiscal year in excess of such amount shall be subject to 62 percent state reimbursement exclusive of any federal funds made available for such purposes, in accordance with directives of the department of family assistance and subject to the approval of the director of the budget. Any claims submitted by a social services district for reimbursement for a particular state fiscal year for which the social services district does not receive state or federal reimbursement during that state fiscal year may not be claimed against that district's block grant apportionment for the next state fiscal year.

The office of children and family services, with the approval of the director of the budget, may reduce a district's block grant allocation by the state share decrease related to federal retroactive reimbursement for such foster care services identified herein. The

office, with the approval of the director of the budget, may reduce a district's block grant allocation by the state share of disallowances or sanctions taken against the district pursuant to the social services law or federal law.

Notwithstanding any other provision of law, the state shall not be responsible for reimbursing a social services district and a district shall not seek state reimbursement for any portion of any state disallowance or sanction taken against the social services district, or any federal disallowance attributable to final federal agency decisions or to settlement made, on or after July 1, 1995, when such disallowance or sanction results from the failure of the social services district to comply with federal or state requirements, including, but not limited to, failure to document eligibility for federal or state funds in the case record; provided, however, if the office determines that any federal disallowance for services provided between January 1, 1999 and May 31, 1999 results solely from the late enactment of the state legislation implementing the federal adoption and safe families act, the state shall be solely responsible for the full amount of the disallowance or sanction; provided, further, however, this provision shall be deemed to apply both prospectively and retroactively regardless of whether such sanctions or disallowances are for services provided or claims made prior to or after April 1, 2020.

Notwithstanding any other provision of law, any federal disallowance resulting from a federal title IV-E eligibility review or audit that uses extrapolated statistic techniques shall be passed along by the state to any and all social services districts that the office of children and family services has determined have not complied with the title IV-E eligibility requirements or have not taken the necessary actions to ensure compliance with such requirements including, but not limited to, failing to: assess and fully document all the criteria and have readily available all the necessary documents to establish and continue title IV-E eligibility for all title IV-E eligible children within the required time frames; claim title IV-E funding only for cases that meet all of the title IV-E eligibility criteria; and fully implement the social services payment system on or before April 1, 2005 for all direct and voluntary agency foster care services.

Notwithstanding any law to the contrary, the office of children and family services shall impose on social services districts any federal disallowance issued against the state as a result of a federal title IV-E secondary eligibility review regardless of the date the children may have entered foster care, the date the eligibility or payment errors occurred, or the filing date of any federal claims for reimbursement; provided, however, that the state shall be responsible for the disallowed costs and expenditures related to the placement of children in a facility operated by the office of children and family services, which shall be determined in the same manner as the disallowed costs and expenditures for social services districts other than the city of New York. In order to reimburse the federal government for the full amount of any disallowance imposed on the state by the federal administration for children and families within the timeframes necessary to avoid any potential interest payments on such amount, the office of children and family services is authorized to immediately offset funds otherwise due to each district for a pro rata share of the total disallowed costs based on the percentage of applicable federal title IV-E claims made by that district for the relevant time period as compared to the total applicable statewide title IV-E claims. The amount of the offset against each district will be adjusted, if necessary, upon completion of the disallowance allocation process. The final allocation of the amount of any federal disallowance resulting from a title IV-E secondary eligibility review shall be allocated among the districts so that each district shall be responsible for the amount attributable to each of the district's children or cases that are determined by the federal review to be unallowable. Each district shall also be responsible for a portion of the federal extrapolated disallowance amount based on the relative error rate for the district. The city of New York's error rate will be based on the federal sample and federal statistics. For all social services districts other than the city of New York, the error rate will be based on a review conducted by the district of a sample of children and/or cases determined by the office of children and family services and a re-review of a sub-sample by the office of those children and/or cases determined by the office. The office of children and family services will determine what is reasonable in establishing the size of the sample and sub-sample for each district. The office of children and family services shall notify each social services district of the sample of children and/or cases from the federal audit period that the social services district must review. Any child or case from the social services district that was included in the federal sample will automatically be included in the social services district's review sample and the determination made at the federal review regarding that child or case will govern for the purposes of the social services district's review. The social services district must complete and submit the results of its review to the office of children and family services within 60 days of receipt of the sample. The error rate for the district will be based on the findings of the district's review and the office of children and family services' re-review. If a social services district does not complete its review within 60 days of receiving the sample from the office of children and family services, the office of children and family services shall assign an error rate to the social services district based on the relative percentage of the district's applicable title IV-E claims for the relevant period as compared to applicable statewide title IV-E claims for that period and other circumstances that the office of children and family services may consider in order to allocate 100 percent of the federal disallowance. The office of children and family services shall apply each social services district's error rate to the total amount of the district's applicable title IV-E claims including associated administrative expenses. The resulting dollar amounts for all of the social services districts will be summed to derive the total amount of title IV-E claims deemed to be in error statewide. To establish a disallowance percentage for each social services district, the amount of the district's title IV-E claims deemed to be in error will be divided by the amount of statewide title IV-E claims deemed to be in error. The resulting disallowance percentage for each district will be applied to the entire title IV-E extrapolated disallowance calculated by the federal review to determine the amount of the extrapolated disallowance for which the district is responsible. Each district will be credited for the amount already disallowed for any individual children or cases found to be in error during the federal review. The exclusive appeal rights for the review of the amount of the federal disallowance assigned to each social services district shall be pursuant to article 78 of the civil practice law and rules; provided, however, that in any such action all of the social services districts shall be joined as necessary parties and the venue of any such action shall be in Rensselaer county. Any social services district that fails to complete its sample review in the required time frames shall have no right to appeal and shall not be a necessary party to any action brought by another social services district.
